

Vision by Design

It's all about Choice!

A Special Announcement for Companion Life Agents!

Vision is one of the most requested employee benefits after medical and dental coverage. With Vision by Design, we've answered our producers' requests to add a vision plan to Companion Life's portfolio of quality group insurance products. Vision by Design gives employers a choice of benefits and product designs. Vision by Design gives employees the choice to select from a large, nationwide, network of providers and retailers. Vision by Design also gives insured employees their choice of frames and lens options.

Choice of Benefit Options and Product Design

Design the Vision benefit that best meets your group client's needs. Benefit options include employer choice of exam and lens copays, frame and contact lens allowances, frame frequency options and three different monthly premium rate tier structures. Vision by Design may be sold Stand-Alone, Employer-funded, or Voluntary to groups of 10 or more employees. Vision by Design may also be packaged with a Companion Life Dental plan for groups of 2 or more employees.

Choice of Providers

Companion Life, in association with EyeMed Vision Caresm, offers easy access to thousands of conveniently located providers and many leading optical retailers such as LensCrafters[®], Target Optical[®], and most Sears Optical[®] and Pearle Vision[®] locations.

- ✦ access to more than 35,000 vision care providers at 18,000 convenient locations nationwide
- ✦ evening and weekend hours at many locations
- ✦ out-of-network benefits included

Choice of Frames

Vision by Design members have unlimited choice of available eyewear products. Our members are free to select from any available frame including designer frames by Luxottica such as Vogue[®], Brooks Brothers[®], Anne Klein[®], and many more.
