Companion Life recognizes that dental insurance needs can vary by group, industry and region. Employers are looking for benefit programs that are unique and flexible. We took a close look at these dental insurance needs and went “to the drawing board” to create exceptional and practical Group Dental Insurance plans for employer groups of 10 or more.

You asked for affordable, progressive dental insurance solutions. We listened. Your objectives and your needs are our inspiration. Dental by Design™ plans are developed with maximum flexibility in mind — for you and your employee groups!

TAILOR OUR PLAN TO YOUR NEEDS
Realize the power of distinct design with unique and exceptional plan flexibility from Companion Life.

We’re confident that you’ll find a plan that suits your needs! How can we be so sure? You may customize any of our standard Dental by Design benefit plans — Dental Essentials, Dental Choice or Dental Select — to include the options that are just right for your group.

A wide choice of options is available to modify these program features. Options like deductible, number of deductibles per family, incentive plan, waiting periods, contract year maximum, increasing maximum, orthodontia benefits (adult available), exams and X-rays, frequency of cleanings, rate structure (standard is four), and retiree dental benefits.

Custom programs from Companion Life … it’s easy to create a unique plan with the Companion Life Dental by Design portfolio. Select the benefit design that works for you, then choose your option(s) on our convenient Request for Proposal (RFP) form.
Your group has selected the Dental Choice plan, but would prefer to have cleanings covered only once a year with coinsurance options of 80/80/50. Simply check the appropriate benefit options on your RFP form. Our Underwriting staff will provide a proposal for your custom-made Dental by Design plan.

Companion Life Insurance Company has specialized in group benefits for more than 30 years. We have earned A.M. Best’s rating of A+ (Superior) due to our fiscal strength, investment practices and sound operational and management structure. At Companion Life we are committed to financial strength, effective corporate management and the highest level of service and responsiveness to our clients and sales associates.

FREEDOM OF CHOICE

What does freedom of choice mean to you? You can use your own dentist! There are no network restrictions of any kind with Companion Life Dental Insurance plans.

What are the advantages of having a dental program? An enhanced employee benefit program; Improved employee health and attendance; A boost in employee morale; A competitive edge when recruiting and retaining talented employees. Furthermore, the Surgeon General’s 2002 report on Our Health for America notes that cost is the major impediment to obtaining adequate dental care. Fifty-six percent of employees without dental insurance rank it, after medical coverage, as the most-desired employee benefit.

What are the employer contribution and employee participation requirements? For employer contribution plans, a minimum of 25 percent employer contribution and 50 percent employee participation is required. There is no dependent participation requirement. For 100 percent employee paid plans, either 20 percent employee participation or three employees must participate, whichever is greater.

Can I use my own dentist? Yes! With all Companion Life dental plans you have freedom of choice to visit any dentist.

How can I, or my dentist, check my claim’s status? Use our secure online tool, My Insurance CompanionSM! Go to www.CompanionLife.com and click on Members from the home page. Dentists can click on Providers. Check claim status, request an ID card, ask Customer Service, and more! Or, use our voice activated response system. These services are available seven days a week. Or, simply call 1-800-765-9603.

How are claims filed? Your dentist’s office can file your claim for you. Companion Life will accept your dentist’s claim form by mail or fax. Your dentist can file claims online at www.CompanionLife.com with My Insurance Companion.

TAKEOVER BENEFITS

Takeover means that we give employees credit for waiting periods they have accumulated for similar coverages under your current group dental plan.

Standard Takeover – An employee’s waiting period will be reduced by the amount of time he or she was insured under your prior group dental plan. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

Preferred Takeover – The waiting period(s) for existing employees including those who weren’t on the prior plan will be waived. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

Incentive Plan Takeover – If this group dental policy replaced the employer’s prior group incentive dental insurance policy, and takeover benefits have been approved by Companion Life, all employees insured under the prior plan are eligible for appropriate credit for time served under the prior dental policy. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

Here’s what you need for a Companion Life Dental by Design proposal:

- Group Name
- State and ZIP Code
- Nature of Business or SIC Code
- Proposed Effective Date
- Current and Renewal Rates for Inforce Dental Coverage (if any)
- Selected Benefit Design
  - Dental Essentials,
  - Dental Choice or
  - Dental Select
- Benefit Options Requested (if any) for a Custom-Designed Plan
- Premium and Claim Experience for Employer Groups of 100 or More

Or, you can complete the convenient Companion Life Request for Proposal (RFP) form, which details the available options.

Companion Life’s Dental Insurance Portfolio also includes:

- Dental “Cents” for groups of 2–9 employees
- Voluntary dental plans for groups with as few as three employees

Your dental by design Proposal

Thank you for reviewing this information about the dental by design portfolio from Companion Life. This program of employer-funded Dental plans offers real flexibility and great sales potential and we want to make sure that we clearly communicate how this unique portfolio works.

Every time you request a dental by design proposal, you will receive rates for the three Standard Benefit Designs — Dental Essentials, Dental Choice, and Dental Select — based on your prospect’s demographics. Your Request For Proposal (RFP) form shows the numerous Design Options available for each of these standard plans. If you don’t select any Design Options, your proposal will show rates and benefits for only the three standard plans. If you do select some of the Design Options available for one of the standard plans, your requested plan design will appear as the “Requested Design” on the proposal.

The proposal also includes complete information about our new Takeover Provisions and clear definitions for dental services and procedures.

We hope you’ll agree that your dental by design portfolio is “tailor made” to meet your marketing needs. Please call for more information — or a proposal — today!

IMPORTANT INFORMATION

FREEDOM OF CHOICE

This Dental program from Companion Life provides total access to any dentist, giving your employee the freedom to choose a provider and needed services. Benefit payment allowances vary, depending on the area in which the services are rendered.

PLAN DESIGN

Dental by Design offers three basic benefit design platforms from which to choose. A wide range of program alternatives is available to build a benefit package to meet the individual needs of any employer group. Choose from a large selection of options for deductibles, waiting periods, benefit maximums, coinsurance, takeover benefits and much more.

TAKEOVER PROVISIONS FOR DENTAL BENEFITS

Standard Takeover — An employee’s waiting period will be reduced by the amount of time they were insured under your prior group dental plan. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

Preferred Takeover — The waiting period(s) for existing employees including those who weren’t on the prior plan will be waived. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

Incentive Plan Takeover — If this group dental policy replaced the employer’s prior group incentive dental insurance policy, and takeover benefits have been approved by Companion Life, all employees insured under the prior plan are eligible for appropriate credit for time served under the prior dental policy. The prior dental plan must have been in effect continuously for at least 12 months prior to the effective date of this plan. All waiting periods will apply to future new employees.

DEFINITIONS

Endodontics — The treatment of pathological conditions within the pulp chamber of a tooth or involving the root of a tooth; includes root canal procedures.

Oral Surgery — Operative procedures performed in and about the oral cavity and jaws that are not performed in connection with periodontic and endodontic surgical procedures.

Periodontics — The treatment of diseases of the tissues surrounding and supporting the tooth. It includes the gingiva (gum tissue), cementum, alveolar (supporting) bone, root planing and periodontal cleaning.

Preventive Services — Oral examinations and cleanings are covered.

Simple Extraction — Uncomplicated removal of a tooth; not a cutting procedure.

Surgical Extraction — Removal of a tooth by means of surgical methods, usually involving the turning of a gingival flap or removal of bone.

X-rays — One full mouth or Panorex X-ray will be allowed in any 36-month period. One series of bitewing x-rays will be allowed in a twelve-month period under the standard plan designs.

Covered Implant Services — Available to adults and dependent children age 17 and older. Implant services include the accompanying crown and are incurred on final placement of the prosthesis.

Dependents — Eligible dependents include the insured employee’s spouse and children prior to their 26th birthday who do not work for the firm.

---

Your proposal will always include rates for the three Standard Benefit Designs. If no options are requested, please check the box “Propose Standard Benefit Designs – No Options.” To request a Custom Benefit Plan, select one of the three Standard plans and select any changes to the Standard Benefit Design from the “Available Design Options” for that plan.
LIMITATIONS:

I. COVERED EXPENSES WILL NOT INCLUDE, AND NO BENEFITS WILL BE PAYABLE:

   1. For Class III and Class IV Procedures in the first 12 months that a person is insured, except as may be provided in the Takeover Benefits provision. This exclusion does not apply to Incentive Plans.

   2. For any treatment which is for cosmetic purposes, or to correct congenital malformations other than medically necessary treatment of congenital cleft in the lip or palate, or both.

   3. To replace any prosthetic appliance, crown, inlay or onlay restoration, or fixed bridge within five years of the date of the last placement of these items. Replacement of an existing implant supported prosthetic device is covered only once every ten (10) years from the placement date of such device and only then if it is unserviceable and cannot be made serviceable. However, if a replacement is required because of an accidental bodily injury sustained while the insured is covered under this policy it will be a covered expense.

   4. For initial placement of any prosthetic appliance, implant or fixed bridge unless such placement is needed because of the extraction of one or more natural teeth while the Insured is covered under this policy. The extraction of a third molar (wisdom tooth) will not qualify under the above. Any such appliance or fixed bridge must include the replacement of the extracted tooth or teeth.

   5. For any procedure begun before coverage begins or after the Insured’s coverage terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Insured’s coverage terminates.

   6. To replace lost or stolen appliances.

   7. For appliances, restorations or procedures to:
      a. alter vertical dimension
      b. restore or maintain occlusion
      c. splint or replace tooth structure lost as a result of abrasion or attrition
      d. treat disturbances of the temporomandibular joint

   8. Charges for a missed appointment, consultations or for completion of claim forms.

   9. If applicable, orthodontia covered charges will not include charges for services:
      a. payable under any other provisions or policy
      b. rendered in the first 12 months the insured person is covered under the policy
      c. incurred by employee or spouse, or incurred by dependent children after reaching the age of 19 (unless adult and child(ren) orthodontia option is selected)

   10. For sealants which are:
        a. not applied to a permanent molar
        b. applied after attaining age 16
        c. reapplied to a molar within three years from the date of a previous sealant application

   11. For application of fluoride after attaining age 19.

   12. Because of an injury arising out of, or in the course of, work for wage or profit or eligible for benefits under Worker’s Compensation.

   13. For services which are not recommended by a dentist or which are not required for necessary care and treatment.

   14. For services related to equilibration, bite registration or bite analysis.

   15. Crowns for the purpose of periodontal splinting.

   16. Charges for any precision or semi-precision attachments, and any endodontic treatment associated with it, or other customized attachments.

   17. For procedures not identified on the List of Dental Procedures in the Master Policy.

   18. No benefit will be provided for implants or implant services where loss of the tooth was prior to the Insured’s effective date of coverage under this dental plan.

II. PAYMENT FOR SERVICES SHALL BE LIMITED AS FOLLOWS:

   If this plan replaces another plan of similar benefits and as a result offers takeover benefits, we limit what we pay to the lesser of: (a) what the prior plan would have paid, or (b) what this plan would usually pay. We will deduct any benefits actually paid by the prior plan under any extension provision.

what is companion life’s hearing services plan?
It's a hearing care program combining unlimited choice with quality and value. And it is provided free of charge to all employees enrolled in any Companion Life dental plan. The Hearing Services Plan (HSP) may be extended to any family member!

Hearing allows us to experience our world. Music, radio, television, movies and theater are less accessible and enjoyable without it. And the loss of sounds like sirens and alarms can actually endanger our lives.

why have a hearing services plan?
Ten percent of the U.S. population have some form of hearing impairment. And hearing loss is the number three chronic health problem in the country. It is usually treatable, but fewer than 25% of people who can benefit are treated, often because of concerns about cost, difficulty in finding a hearing health specialist or confusion about the wide range of options in hearing aid technology.

With the Companion Life Hearing Services Plan, you can get assistance, protection and treatment for your hearing. Brought to you by Companion Life and EPIC Hearing Health Care, this plan gives you easy access to a national network of thousands of hearing health professionals — primarily physicians and audiologists — who can help you achieve your maximum hearing potential throughout your life.

The plan is a negotiated benefit. You pay nothing to join and get reduced rates for most fees and costs associated with your hearing healthcare under the plan.

what does the plan do for you?
The Companion Life Hearing Services Plan identifies and screens qualified experts — physicians and audiologists in your neighborhood. We also research and evaluate hearing aid technology to assure that the latest and most effective options are available to you. We negotiate the best prices for all treatments, including hearing aids. Prices you get from EPIC may be as much as 50% below manufacturers’ suggested retail price and up to 35% lower than most discount offers. And we also coordinate the coverage with your existing healthcare plans.
how does someone know when to call?
Hearing loss usually occurs gradually, without pain, discomfort or deformity, but indicators like these should prompt an evaluation:

- Difficulty understanding voices and words (especially those of women and children)
- Occasional ringing in one or both ears
- Itching in the ear canals
- Difficulty understanding in noisy situations
- Turning the TV volume up to understand the dialogue

In addition, more serious symptoms merit immediate attention of a physician:

- Sudden hearing loss
- Spinning or dizziness with vomiting
- Persistent ringing in one ear
- Blood or fluid draining from one or both ears
- Persistent pain in one or both ears

Then you will follow through with an appointment, examination and treatment. All payments should be made to EPIC HSP. No other billing or payments should occur. And you can contact EPIC at any time for assistance, advice and information.

WHAT IS COMPANION GLOBAL DENTAL?

Companion Global Dental is an affordable choice for dental care. It offers additional dental care options to patients at international medical facilities and works with agents, employers, individuals and third party administrators.

With skyrocketing costs for dental procedures, people are discovering the advantages of traveling outside the U.S. for dental procedures. Patients can enjoy significant savings, and Companion Global Dental makes the process easy and comfortable by providing help with all travel plans — even arranging for tourism opportunities so patients can enjoy their surroundings in between dental appointments.

Companion Life is the first national dental insurer to offer Companion Global Dental as an added-value service to its dental plans at no additional cost.

WHY TRAVEL FOR DENTAL CARE?

Most of the reasons you need dental care are not emergencies. This includes basic restorative dentistry like crowns, implants, bridges and other procedures. Because they are not emergencies, it means you have time to plan and choose a dentist.

Companion Global Dental now gives you another option to consider — dental tourism in Costa Rica. You can now take care of your smile without breaking your budget.
Companion Global Dental gives you a money-saving alternative for dental care, and a chance to enjoy a tropical vacation with experts available to guide you every step of the way.

Savings you can smile about with Companion Global Dental.

**HOW DOES THIS PROGRAM WORK WITH AN INDIVIDUAL DENTAL PLAN?**

- Review your dental plan to find out exactly what is covered and what isn’t. You’ll find the phone number on the back of your insurance ID card.

- Ask if you will need any precertifications or preauthorizations. Get details on how to get them, if necessary.

- When you talk to your dental plan representative, take notes. Write down the person’s name and the date in case you need to reference it later. Ask any questions you need to understand your exact benefits.

- Make sure you have a current insurance ID card and be sure to pack it with you! Always carry your ID card during your trip.

**THERE ARE MANY BENEFITS OF DENTAL TOURISM!**

**Quality care** You shouldn’t have to sacrifice quality for savings. You can enjoy both with the Companion Global Dental network of dental facilities in Costa Rica. All the dental professionals and facilities included in the Companion Global Dental network are thoroughly vetted against strict guidelines, and then carefully selected by Companion Global Healthcare.

And many of the professionals practicing at network hospitals have trained in the U.S. and are members of American dental associations.

**Patient-focused service** Companion Global Dental’s network dental facilities cater to international patients and have designed their facilities to center around the patient experience. You’ll find each facility has English-speaking staff dedicated to making your visit as comfortable as possible. And transportation to and from the airport, as well as your appointments, will all be provided or arranged with Companion Global Dental.

**More choices** Sometimes a benefit plan doesn’t cover a dental procedure you may need. Or maybe you have exhausted your benefits and simply can’t afford to pay out of pocket. With the money you’ll save by traveling abroad, you may not have to put off needed procedures or improving your smile.

**Significant cost savings** Do your research and compare costs. You may be surprised at how much money you can save even when you factor in travel costs. Do you need a few crowns? Implants? Other significant dental work? Or are you interested in cosmetic dentistry? If you are putting it off because of the expense, you now have an option to receive dental care at a fraction of the cost.

You can have nearly any dental procedure done and take advantage of significant savings at one of our network dental clinics in Costa Rica. When you compare the costs, you may be surprised at how much you can save ... enough to add in a tropical vacation!

**Tourism opportunities** While you’re in Costa Rica, why not take in the beautiful scenery? Companion Global Dental can help arrange a variety of tour packages so you can enjoy a wonderful vacation between appointments.

**Round-trip customer service** Companion Global Dental will help you with all aspects of your trip, from assisting with travel plans to making sure you choose a network facility.
